

PROJECT 360

Client Requirements Questionnaire

This questionnaire helps the Project 360 team understand your organisation, your projects, and how your engineering workflows operate. Your answers will be used to configure the system correctly for your specific context.

Organisation

Completed by

Role / Title

Date

Contact email

SONE Studios | Confidential | April 2026

SECTION 01

Organisation Profile

Tell us about your organisation so we can set up your tenant correctly.

Q1

What is the full legal name of your organisation?

Q2

What type of organisation are you?

- ☐ Provincial Government Department
- ☐ District Municipality
- ☐ Local Municipality
- ☐ Private Engineering Firm
- ☐ Consulting Engineering Practice
- ☐ Other

Q3

If you are a government entity, which province are you in?

- ☐ Eastern Cape
- ☐ Free State
- ☐ Gauteng
- ☐ KwaZulu-Natal
- ☐ Limpopo
- ☐ Mpumalanga
- ☐ Northern Cape
- ☐ North West
- ☐ Western Cape

Q4

What is your department or division name? (e.g. Department of Public Works, Roads and Infrastructure)

Q5

Who will be the primary system administrator for your organisation?

Full name

Email address

Phone number

Job title

Q6

How many users do you expect to have on the system in the first 3 months?

☐ 1 to 5

☐ 6 to 15

☐ 16 to 30

☐ 31 to 50

☐ More than 50

Q7

Do you have an existing organisation logo you would like displayed on the system?

☐ Yes — we will provide it

☐ No — use the default Project 360 branding

SECTION 02

Municipality and District Structure

This section helps us model the correct hierarchy for your organisation (District Municipality, Local Municipalities, Departments).

For provincial government clients: your tenant is your province. Districts (Category C municipalities) sit inside your province. Local municipalities (Category B) sit inside each district. If this structure does not apply to you, skip to Section 3.

Q8

What is the name of your District Municipality (Category C)?

Example: Nkangala District Municipality

Q9

List all Local Municipalities (Category B) within your district.

Example: Victor Khanye, Emalahleni, Steve Tshwete, Emakhazeni, Thembisile Hani, Dr JS Moroka

Q10

Which government departments or programs will be tracked on the system?

Example: DPW, Department of Land Affairs, Education, Health, Human Settlements

Q11

For each department, do you have a total annual budget figure you would like pre-loaded?

☐ Yes — we will provide the budget figures

☐ No — we will enter them manually after setup

SECTION 03

Project Types and Service Categories

Help us understand the types of infrastructure projects your organisation manages.

Q12

Which service categories do your projects typically fall into? Select all that apply.

- ☐ Water and Sanitation
- ☐ Roads and Stormwater
- ☐ Energy and Electricity
- ☐ Waste Management
- ☐ Recreational, Sport and Libraries
- ☐ Public Transportation
- ☐ Other

Q13

If you selected "Other" above, please describe the additional service categories.

Q14

What are your most common contract types? Select all that apply.

- ☐ Professional Services (consultant fees)
- ☐ Geo-Technical Investigation
- ☐ Construction Management

Q15

Approximately how many active projects does your organisation manage at any given time?

- ☐ 1 to 10 ☐ 11 to 25 ☐ 26 to 50
☐ 51 to 100 ☐ More than 100
-
-

Q16

What is the typical value range of your projects?

- ☐ Under R500K ☐ R500K to R5M ☐ R5M to R50M
☐ R50M to R500M ☐ Above R500M
-
-

Q17

Do you manage multi-year projects that span more than one financial year?

- ☐ Yes, most projects span multiple years
☐ Yes, some do
☐ No, most complete within one year
-
-

Q18

Do you use the MTEF (Medium Term Expenditure Framework) for project budgeting?

- ☐ Yes — all projects have MTEF allocations ☐ Yes — some projects do
☐ No ☐ Not sure
-
-

SECTION 04

Project Lifecycle and Stage Workflow

Project 360 manages projects through up to 11 formal stages from multi-year planning through to close-out. Help us understand which stages apply to your work.

The full Project 360 lifecycle: (0) Multi-Year Planning (1) Inception (2) Concept and Viability (3) Design Development (4) Documentation and Procurement (5) Tender (6) Contractor Appointment (7) Construction (8) Practical Completion (9) Close-Out (10) Complete

Q19

Which stages apply to the projects your organisation manages? Select all that apply.

- ☐ Multi-Year Planning
- ☐ Inception
- ☐ Concept and Viability
- ☐ Design Development
- ☐ Documentation and Procurement
- ☐ Tender Stage
- ☐ Contractor Appointment
- ☐ Construction
- ☐ Practical Completion
- ☐ Close-Out

Q20

When you appoint a consulting engineer, do you also expect them to sub-appoint specialists? Select all that apply.

- ☐ Land Surveyor
- ☐ Geo-Technical Engineer
- ☐ Environmental Consultant
- ☐ Social Facilitator
- ☐ Traffic Engineer
- ☐ Structural Engineer
- ☐ Other

If sub-consultants are appointed, should they have their own system logins, or should the lead consultant upload documents on their behalf?

At which stages does the client (your organisation) need to formally approve documents before the next stage can begin? Select all that apply.

Who in your organisation has authority to formally approve stage documents on the system?

Name	Title
Email	Backup approver name

Q24

What should happen if a document is rejected? Who gets notified and what is the process?

SECTION 05

Funding Sources and Grant Management

Help us understand how your projects are funded so we can configure the grants tracking and funder tracking correctly.

Q25

Which funding sources do your projects use? Select all that apply.

- | | |
|--|--|
| ☐ Self Generated Revenue | ☐ MIG (Municipal Infrastructure Grant) |
| ☐ RBIG (Regional Bulk Infrastructure Grant) | ☐ WSIG (Water Service Infrastructure Grant) |
| ☐ Equitable Share | ☐ DORA (Division of Revenue Act) grants |
| ☐ Provincial own funds | ☐ Private client funding |
| ☐ Other | |

Q26

If you selected "Other" above, please list the additional funding sources.

Q27

Do you need to track grant compliance and reporting deadlines per grant?

- ☐ Yes — this is critical ☐ Yes — would be useful ☐ No

Q28

Can a single project have multiple funding sources? (e.g. partially MIG funded and partially self-funded)

- ☐ Yes, frequently
- ☐ Yes, occasionally
- ☐ No, each project has one funder
-
-

Q29

Do you require disbursement schedule tracking per funding source? (i.e. when payments from the funder are expected and when received)

- ☐ Yes ☐ No ☐ Not sure

SECTION 06

Document Management

Project 360 organises project documents by stage and category. Help us understand which document types are important to you.

Q30

Which document types do you need to manage per project? Select all that apply.

- ☐ Scoping Report
- ☐ Detailed Designs and Drawings
- ☐ Tender Documents
- ☐ Appointment Letters
- ☐ Monthly Safety Reports
- ☐ Payment Certificates
- ☐ Meeting Minutes
- ☐ Practical Completion Certificates
- ☐ Geo-Technical Reports
- ☐ Digital Survey Files
- ☐ Site Photographs
- ☐ Preliminary Designs and Drawings
- ☐ Tender Drawings
- ☐ Tender Evaluation Reports
- ☐ Monthly Progress Reports
- ☐ Monthly Cash Flows
- ☐ Final Accounts
- ☐ Variation Certificates
- ☐ As-built Drawings
- ☐ Environmental Reports
- ☐ Community Minutes (Social Facilitation)
- ☐ Drone Video Footage

Q31

Should document versions be tracked? (i.e. if a document is revised and re-uploaded, should the previous version be kept?)

- ☐ Yes — keep full version history
- ☐ Yes — keep the last version only
- ☐ No — replace and discard

Q32

Do external parties (clients, municipality representatives) need to view specific documents without seeing all project data?

☐ Yes — we need controlled document sharing ☐ No

Q33

What is the maximum file size you expect for a single document upload?

☐ Under 10MB ☐ 10MB to 50MB
☐ 50MB to 100MB ☐ Above 100MB (e.g. large drawings or video)

SECTION 07

Site Media and Evidence

Site images and drone videos serve as construction evidence and anti-fraud protection.

Q34

Do you require site photographs to be uploaded as construction evidence?

- ☐ Yes — required for every completed activity
- ☐ Yes — required at key milestones only
- ☐ Optional but would be useful
- ☐ No
-
-

Q35

Do you require drone video footage to be uploadable as construction evidence?

- ☐ Yes ☐ No ☐ Maybe in future

Q36

Should site images be geo-tagged (GPS location recorded at time of capture)?

- ☐ Yes — GPS tagging is required
- ☐ Yes — GPS tagging would be useful but not required
- ☐ No
-
-

Q37

How many site photographs should be the minimum required before a construction activity can be marked as complete?

- ☐ 1
- ☐ 2
- ☐ 3
- ☐ 5
- ☐ 10
- ☐ No minimum — our discretion

Q38

Who should be able to upload site photographs and videos? Select all that apply.

- ☐ Project Manager
- ☐ Team Member / Site Agent
- ☐ Sub-Consultant
- ☐ Contractor (external)
- ☐ Admin only

SECTION 08

Variation Orders and Contract Changes

Variation orders are formal instructions to change the project scope or value during construction.

Q39

Do your construction contracts include variation orders?

- ☐ Yes — frequently
- ☐ Yes — occasionally
- ☐ Rarely
- ☐ No

Q40

Who has authority to initiate a variation order in your organisation?

- ☐ Project Manager
- ☐ Senior Engineer
- ☐ Director / HOD
- ☐ Requires committee approval

Q41

Who in your organisation must approve a variation order before it takes effect?

Name		Title	
Email		Authority limit (Rand value)	

Q42

Are there financial threshold limits above which a variation order requires escalated approval?
(e.g. variations above R500K require Director approval)

- ☐ Yes — we have threshold-based approval levels
- ☐ No — same approval for all variations

Q43

If yes to the above, describe the threshold levels and approvers.

Q44

Should the system automatically update the project contract value when a variation order is approved?

- ☐ Yes — always
- ☐ Yes — with a confirmation step
- ☐ No — we will update manually

SECTION 09

Payment Certificates and Financial Tracking

Help us understand how payment certificates and project financials are managed in your organisation.

Q45

How frequently are payment certificates issued on your construction projects?

- | | | |
|------------------------------------|--|---|
| ☐ Monthly | ☐ Milestone-based | ☐ As claimed by contractor |
| ☐ Quarterly | ☐ Other | |
-
-

Q46

Does the client (your organisation) need to formally approve each payment certificate before payment is processed?

- ☐ Yes — in-system approval required
- ☐ Yes — approval happens outside the system, we just record it
- ☐ No — payment certificates do not require our formal approval
-
-

Q47

Does money actually move through the Project 360 system, or does the system only track payment records and certificates?

- ☐ System only tracks records and certificates — payment is external
- ☐ System should initiate or process payments
- ☐ Not sure — we need guidance on this
-
-

Q48

Do you need to track payment forecasts vs actual payments over the project duration?

- ☐ Yes — month by month
- ☐ Yes — per milestone
- ☐ No
- ☐ Not sure

Q49

What financial information should be visible on the project overview at a glance?

- ☐ Original contract value
- ☐ Adjusted contract value (after variations)
- ☐ Expenditure to date
- ☐ Balance remaining
- ☐ Forecast vs actual spend
- ☐ Payment certificate history
- ☐ Funder breakdown

SECTION 10

User Roles and Permissions

Project 360 supports multiple user roles with different levels of access. Help us understand who needs to do what on your system.

Available roles in Project 360: Super Admin (SONE Studios only) Org Admin Dept Admin Project Manager Team Member Client Approver Viewer Client Temporary Access

Q50

Who in your organisation should have full admin access to the system? (Can manage users, settings, and all projects)

Name 1

Name 2

Name 3

Name 4

Q51

Who will act as Project Managers on the system? (Can create and edit projects, manage documents, advance stages)

Q52

Will external consultants (e.g. Limpopo Civil Engineering) be given their own logins as Project Managers, or will your internal staff manage their submissions on their behalf?

- ☐ External consultants get their own PM logins
- ☐ Internal staff manage on their behalf
- ☐ Mix — depends on the project
- ☐ Still to be decided

Q53

Will you need to give external clients or stakeholders read-only access to specific projects?

- ☐ Yes — frequently
- ☐ Yes — occasionally
- ☐ No

Q54

If yes, what information should external read-only users be able to see?

- ☐ Project overview and status
- ☐ Documents and files
- ☐ Site photographs
- ☐ Payment certificates
- ☐ Financial figures (contract value, expenditure)
- ☐ Gantt and activity schedule
- ☐ Variation orders

Q55

Should external read-only access expire automatically after a set period?

- ☐ Yes — after 30 days
- ☐ Yes — after 90 days
- ☐ Yes — we set the duration per case
- ☐ No — we revoke manually when done

SECTION 11

Reporting and Exports

Help us understand what reports and exports you need from the system.

Q56

What reports do you need to generate from the system? Select all that apply.

- ☐ Project status summary
- ☐ Portfolio budget overview
- ☐ Expenditure per department
- ☐ Payment forecast vs actual
- ☐ Grant compliance report
- ☐ IDP (Integrated Development Plan) table
- ☐ MTEF budget allocation report
- ☐ Variation orders summary
- ☐ Stage gate progress report
- ☐ Site visit and inspection log
- ☐ Contractor performance report
- ☐ Custom report

Q57

What export formats do you need?

- ☐ PDF
- ☐ Excel (XLSX)
- ☐ Word (DOCX)
- ☐ CSV

Q58

Do you need the system to generate reports on a scheduled basis (e.g. monthly automated PDF to a set email list)?

- ☐ Yes — this is important
- ☐ Would be useful
- ☐ No

Q59

Is there an existing report format or template you need the exports to match? (e.g. official government IDP table format)

☐ Yes — we will provide the template

☐ No — standard format is fine

SECTION 12

Maps and Location Data

Project 360 includes a province map on the dashboard and project pin locations.

Q60

Do you need GPS coordinates captured for every project?

☐ Yes — required ☐ Yes — optional but recommended ☐ No

Q61

Should projects be visible on a Google Maps view with pin locations?

☐ Yes — important feature ☐ Yes — would be useful ☐ No

Q62

On the dashboard map, should department regions be colour-coded by budget health (green for on track, amber for at risk)?

☐ Yes ☐ No — just show locations without colour coding ☐ Nothing

Q63

Do you need to track GPS coordinates for site photographs (i.e. where the photo was taken on site)?

☐ Yes — required for evidence purposes
☐ Yes — optional
☐ No

SECTION 13

User Interface and Customisation

Project 360 supports custom branding per organisation.

Q64

Which colour scheme would you prefer for your organisation on the system?

- ☐ Atlas Sahara (warm sand and terracotta — default)
- ☐ Atlas Electric (periwinkle blue on warm cream)
- ☐ Atlas Royal (deep purple and warm gold)
- ☐ Atlas Aurora (electric teal on clean white)
- ☐ Custom — we will specify our brand colours

Q65

Which default display mode do you prefer?

- ☐ Light mode (warm cream background)
- ☐ Dark mode (warm near-black background)
- ☐ Let each user choose their own preference

Q66

Do you have official branding guidelines (colours, logo, fonts) that should be applied to the system?

- ☐ Yes — we will provide brand guidelines and logo
- ☐ No — use the Project 360 default branding

Q67

Do you need the system to display in any language other than English?

- ☐ English only
- ☐ English and Afrikaans
- ☐ English and a South African indigenous language
- ☐ Other

SECTION 14

Additional Requirements and Notes

Use this section to capture anything not covered above.

Q68

Are there any existing systems (Excel spreadsheets, other software) that Project 360 should replace or integrate with?

Q69

Do you have any specific security or data governance requirements? (e.g. data must remain within South Africa, specific access logging requirements)

Q70

Are there any workflow steps or approval processes unique to your organisation that have not been captured in this questionnaire?

Q71

What are the top 3 problems you are hoping Project 360 will solve?

Q72

Is there anything else you would like the Project 360 team to know before we begin configuration?

Thank you for completing this questionnaire. A member of the SONE Studios team will review your responses and contact you to confirm the configuration before your system is activated.

project360@sone.engineering | www.sone.engineering
